One teacher that I think is outstanding is my former fourth grade teacher and former flute teacher, Lauri Mohler. Her personality is better than that of anyone that I know. From the time that I met her, she has inspired me and a countless number of students. In the classroom, she provided new ways to involve students, such as classroom leadership positions and games. In her studio, she constantly checked on us and pushed us to do our best. I can honestly say that she is the reason why I decided to become an educator.

Another one of my outstanding teachers is my orchestra director and theory teacher, Kelly Detwiler. She aimed to have a relationship with all of her students. She even made sure that we could play our music as well as we could- even if it meant working on one rhythm for an hour! When she thought music theory, Kelly would make sure that we understood the material. She offered help in the mornings and sometimes made the option of a quiz retake.
